

# SCHOOL ADMISSION PORTAL DEVELOPMENT PROPOSAL

Valid until May 31st, 2020

Prepared for:  
Pride of Faith Academy,  
Sagamu.

# Introduction

Thank you for your interest in partnering with Rayyan Tech for your website development project. With well over 100,000 firms offering website development services, we know how challenging it can be to find the right agency for your web development needs.

At Rayyan Tech, we hold one goal above all others: 100% client satisfaction. Our in-house team of web designers, copywriters, graphic designers, and developers uphold the highest standards for project planning and execution, and we're dedicated to building the perfect website for your company on-time and on-budget.

We've built website for several brands around the world with great success, and we are quite excited to get to work on yours.

In this proposal, you'll find examples of our past work along with what we feel is the optimal solution for your website development needs, along with the associated delivery timeline, costs, and project terms. Once you've reviewed this proposal thoroughly, simply electronically sign it at the bottom to indicate your approval.

Thanks again for the opportunity to earn your business!

NUSREC Planning Committee

”

## Executive Summary

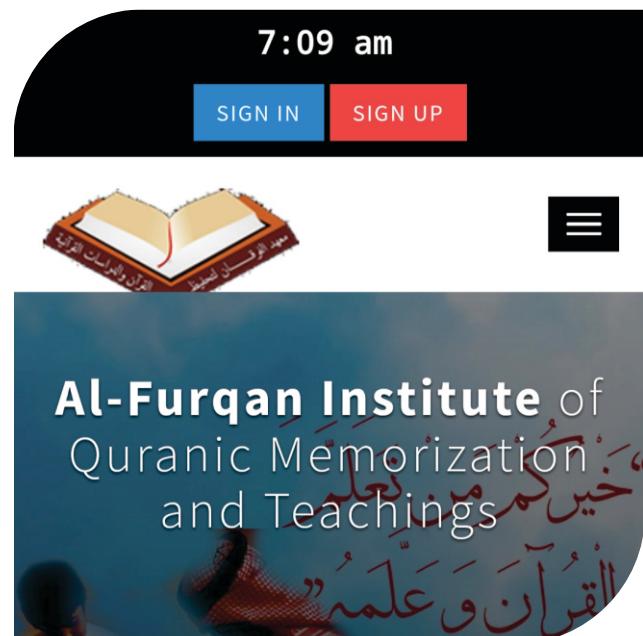

PFA, Sagamu requires a full website build to support your digital growth strategy. This website will streamline and ease admission processes. It will also allow you expose your brand to organic audiences via search engines, leverage digital advertising to boost lead generation, and deploy content marketing to build brand awareness and authority.

Rayyan Tech is uniquely qualified to build the website that you desire, due to our in-house team of designers, writers, and developers, and our experience working with clients in education.

## Request a Prospectus

A link to the school's prospectus in PDF

## Online Registration

A series of dynamic pages that handles payment and form submission.

## Contact Us

A page with the full address, contact & map of the school

# Don't underestimate the power of a website

## Solution Outline

Rayyan Tech will build your website using a custom PHP management system specially designed for secondary school admission processes. PHP is used by more than a million brands around the world, and is known for its security, and scalability. The custom PHP management system will allow you to do the following once your website is launched:

- 1** Track payments made online.
- 2** View and retrieve registration.
- 3** Easily update website dynamics.

We propose that your site be hosted using shared hosting of **40GB bandwidth**. This will ensure that your website is capable of supporting a high volume of traffic while remaining protected from malicious entities.

# Execution Timeline

The following table details our projected execution timeline for your website development project.

STAGE	COMPLETION DATE
★ Project Kick-off	Once Approved
★ Page Mock-ups	2 Weeks after
★ Site copyrights and images	1 Week
★ Functional Prototype	1 Week
★ Website development complete	2 Weeks
★ Testing	1 Week
★ Launching	3 Days

**Disclaimer:** The dates in the table above are estimates based on our experience with similar website development projects. While we strive to accurately estimate project timelines in every proposal, we reserve the right to move delivery dates in response to unforeseen delays or changes to project requirements.

# Project Cost

The table below details the costs associated with this project. Invoices will be sent to PFA, Sagamu once agreement has been reached and are payable via credit card, bank transfer or cash.
